WELCHING BOOKIES

CHICAGO, May 9.- A heavy track, owing Jury Awards L. P. Odell \$1,367.80 on Claim of Money Won on Horse Races.

> Special to the Indianapolis Journal. LAPORTE, Ind., May 9 .- A jury in the Superior Court to-day awarded L. P. Odell, of this city, judgment in the sum of \$1,-367.80 in an action brought against Charles L. Fethke and others to secure money lost on horse races. The suit was the outcome of the refusal of the defendants to pay bets aggregating \$3,000 won by Odell last February. Odell had been playing money with the defendants, who were operating a book, for several months prior to the time of his big winning, and his losses in that time had aggregated nearly \$1,400. In February he struck some long shots and won \$3,000. The bookmakers at once charged fraud, claiming that Odell had secured advance information on the results of the races and while they were still ignorant of these results induced the defendants to bet with However, Hearst Will Not Have

COUP TO BE ATTEMPTED IN SEVENTH DISTRICT

Holtzman for Delegate at Large and Warrum and Shea for District Delegates.

It developed yesterday that as a result of the alliance of the city administration Democrats, represented by Mayor Holtzman, City Chairman Keach, City Attorney Warrum, Sterling R. Holt, John R. Wilson and others, with the Hearst people, a coup will be attempted by which Mayor Holtzman is to be made one of the delegates at large to the national convention and City Attorney Warrum and "Mike" Shea the delegates from the Seventh district instead of Joseph E. Bell and W. W. Spencer, who were selected at the district caucus held April 9.

Men were put to work in every ward in the city yesterday to win over delegates to the state convention to support this programme. The delegates in the city and in the county were all elected on Parker slates, but the Hearst people were confident that by their peculiarly seductive methods they would be able to make heavy inroads on the delegation. Reports last night indicated that their confidence was not unwarranted and that several men pledged to Parker and Taggart had gone over to them and joined them in their work. The argument advanced for the election of Holtzman, Warrum and Shea as national deleagtes is not that they are Hearst men, but that they are opposed to the instruction of the Indiana

Unless the Hearst people can capture an overwhelming majority of the delegates in this district the coup will undoubtedly fail. At the district caucus held April 9 Joseph E. Bell and W. W. Spencer were named as national delegates. District Chairman Fanning says that at the caucus to-morrow night the Seventh district delegates will not reopen the business disposed of at the other caucus, but will merely select and receive their tickets to the convention. Under the circumstances it is not apparent how the Hearstites hope to throw out Bell and Spencer and elect Warrum and Shea as the national delegates from

As to the ambition of Mayor Holtzman be one of the delegates at large, an ambition which he readily admits he cherishes, it is generally recognized that he insured his defeat when he failed to come out vigorously for Parker and for Parker instructions. The mayor says he is for Parker and against instructions. T. Taggart and the other Parker leaders who are handling the programme for the convention are for Parker and for Parker instructions, consequently it is not expected that they will take up Holtzman.

ALONZO GREENE SMITH WILL WIELD THE GAVEL

Judge McCabe to Be the Hearst Candidate for Permanent Chairman-Gag Tactics Discussed.

Smith, of this city, has been agreed upon by the Parker people for the permanent chairman of the convention. That he will be selected by the committee on permanent organization and the selection indorsed by the convention is as certain as that a majority of the delegates will be Parker men, which is generally conceded, even by the

The Hearst people, however, have determined to present a candidate for permanent chairman and have agreed upon Judge James McCabe, of Williamsport. They expect to get his name before the convention in a minority report of the committee on credentials, and, failing in that, his name will be presented from the floor of the convention, if they can secure recognition from the temporary chairman.

Many of the Parker adherents who have been taken into consultation as to the programme to be pursued in the convention have urged that if the Parker majority is sufficiently large the Hearst delegates and managers should not be given the slightest voice in the proceedings. They argued that in order to prevent debates and conflicts in the convention that might have disastrous results the convention should be held down absolutely to the transaction of the necessary business, without prolonged This course, however, is not countenanced

discussions or oratory of any kind. by the Parker leaders. They say that the Hearst people will be given every opportunity to be heard in the convention, and that after they have done all the talking they want to do-or, at least, a reasonable amount-the Parkerites will turn in and carry out their programme for the election of national delegates, the application of the unit rule and the adoption of castiron Parker instructions. The Hearst people were up in arms yes-

terday when it was intimated to them that their adversaries might adopt a gag policy that if the Parker people attempted any such tactics there would be a fight such as has never been known in an Indiana

LEADERS ARE RETICENT AS TO THEIR FIGURES

State Chairman O'Brien Says, Over 425 Delegates.

Difficulty was experienced yesterday in obtaining figures from the Parker or Hearst leaders as to the strength they expect to people refuse absolutely to give any figures. J. Oscar Henderson, who has been at the head of the Hearst bureau, said first that was too busy to make any statement of

figures other than that the Hearst people would not have to exceed 425 of the 1,547 delegates in the state convention. "The Parker delegates will number 1,100." declared the state chairman. "I could give the figures in detail, by county and district, but do not believe it would be advisable. I know what I am talking about, however, when I say that the Hearst peo-ple will not have to exceed 425 delegates." Chairman O'Brien was asked if he conceded any one of the congressional districts to Hearst. "No. I do not." he replied. "The Twelfth

district is exceedingly close, but our friends there have not abandoned hope of control-None of the Hearst leaders calmed that

Seats for the convention are in almost as great demand as they were for the Republican state convention, and the question of the number of seats they are to secure is worrying the Hearst people especially. As the Parker people are in control of the Former Attorney General Alonzo Greene state organization, which has made all the arrangements for the convention, State Chairman O'Brien and Secretary Reilly have charge of the distribution of the seats, and the Hearst people are placed in the somewhat embarrassing position of having GIFT OF STUDENTS IS to go to their opponents for favors. Hearst's managers say their position in this matter is not embarrassing, as they are clearly entitled to a fair share of the seats and expect fair treatment. Nevertheless they are worried and are speculating as to how they will be able to get their people into the convention in event their applications for seats are turned down. Chairman O'Brien says that the Hearst people will be treated fairly and will receive their proportion of seats. The seats will be distributed by districts at the cauits Democratic vote. The district chair- gift of \$200 which the class recently voted men will then have charge of the distribution. As the district chairmen are all him Parker men, it is to be expected that after every accredited delegate, whether a Parker or Hearst supporter, is given his ticket, the Parker adherents will be taken care of before the doors are thrown open to Hearstites.

NATIONAL DELEGATES SLATED FOR PARKER

The Parker slate for delegates at large is now conceded to include State Chairman O'Brien, John W. Kern, Ben F. Shively and Major G. V. Menzies. The district LODGE WILL GIVE ITS slates were not completed yesterday, but a partial list was given out as follows: Second district, W. N. Matthews, Bedford,

and W. H. Volmer, Vincennes; Fourth, Joseph M. Cravens, Madison, and J. M. zil; Sixth, U. S. Jackson, Greenfield, and in the convention. They declared that they M. L. Simms, Lafayette, and Martin Kruger, Michigan City; Eleventh, Jerome Herff, Peru, and Ben F. Louthain, Logansport; Twelfth, Andrew Melching, Fort Wayne, and A. Hearst Slate for Delegates.

As their candidates for delegates to the national convention from the several districts the Hearst people have agreed to the following men;

Truesdale, Alexandria, and Frank Feely, Muncie; Ninth-G. W. Duke, Kokomo, and W. S. Kaine, Lebanon; Tenth-John Ross, Lafayette, and Lawrence Becker, Hammond; Eleventh-Milo Meredith, Wabash, and A. W. A meeting of the Democratic state committee will be held at the headquarters in the Sentinel building to-morrow afternoon. Secretary Reilly stated last evening that the meeting was merely a routine affair and that aside from the transaction of business incident to the final arrangements for the convention nothing of importance would come before the committee. FILL CITY'S MAINS

Because of the low pressure of water at the last three fires in the city, due to repairs now being made on the West Washington-street pumping station on account of the recent floods, Fire Chief Coots has instructed the Indianapolis Water Company to be prepared to start these pumps in case a second alarm is sent in. Officials of the water company said yesterday that Fire Chief Coots's orders will be obeyed, although it will necessitate the contamination of the city's water supply.
